

**PENNSYLVANIA WING CADET TRAINING SCHOOLS**  
UNITED STATES AIR FORCE AUXILIARY, CIVIL AIR PATROL  
*Bldg 3-108, Fort Indiantown Gap, Annville, PA 17003*

## **17-24 June 2018**

### **Fort Indiantown Gap, PA**

#### **Basic Encampment (ENC)**

Pennsylvania Wing is proud to host one of largest and most premiere Encampments in the Civil Air Patrol! While learning about various aspect of the Cadet Program, cadets are able to experience life at Fort Indiantown Gap, get up close and personal with various aspects of military aviation and bond with their fellow students. Completion of ENC is required for the Billy Mitchell Award, as well as attending any of Civil Air Patrol's National Cadet Special Activities.

Financial assistance for Encampment is available! It is highly encouraged that all eligible cadet members apply for the Cadet Encampment Assistance Program (CEAP) through eServices. For additional details see: [https://www.capmembers.com/cadet\\_programs/activities/ceap/](https://www.capmembers.com/cadet_programs/activities/ceap/)

#### **Leadership Development Course (LDC)**

The Leadership Development Course is an intermediate level professional development course focusing on the necessary skills to be a "first line supervisor" in all environments. The purpose of this school is to bridge the gap between followership skills taught at Encampment and leadership theory taught at the Region Cadet Leadership School.

#### **Northeast Region Cadet Leadership School (RCLS)**

Pennsylvania Wing is proud to host the Northeast Region Cadet Leadership School in 2018! This course is designed for the Command and Executive Phase cadet seeking advanced knowledge in leadership theory, public speaking, problem solving and principles of management. RCLS is required for the Eaker Award and promotion to Cadet Lieutenant Colonel.

#### **Science, Technology, Engineering and Math Academy (STEM)**

The Pennsylvania Wing STEM Academy focuses on four core subjects of Rocketry, Space and Astronomy, Cyberspace and Robotics. In addition to receiving academic and laboratory training, STEM Academy students will go on field trips and interact with current professionals!

### **2018 Registration is Open!**
